For sale: Land spanning a vast area of 80000 m2. The land features fallow terrain in a slope and part of rocky mountains with absolutely tremendous views. It also has a source of water, which could be potentially used. Surrounded by serene nature, while being few minutes drive from town of Yecla, this property offers various possibilities for very low price. The land could be used for a villa construction (it is buildable thanks to its size), agricultural production (almonds, vine, olives) or simply as an investment, offering a great price for its size and opportunities it presents!
